

Customer Appreciation Day

Thanks for coming!

We had a great time celebrating with you on June 7. We hope you enjoyed it as well! If you didn't make it this year, we look forward to seeing you next June.

We're doing some remodeling

...to our website

La Jicarita's services are top-notch. We provide cutting edge fiber technology and offer Internet speeds some large cities can't even match. We thought our website should better show off the robust network that we have built in our community. Stay tuned for a new website design coming soon.

Faster Speeds, Same Low Price

New Internet speeds

We think great things are best when shared, and that includes fast, reliable Internet. This year, we've increased our Internet speeds as a gift to our customers. That's right—faster speeds, for the same low price (or even lower) than what you were paying before.

As the weather begins to warm remember to call 811. With outdoor projects such as planting trees, cleaning ditches, building fences, clearing land or home construction there is a risk of hitting cable or other utility lines causing serious damage. Call 811 before any digging projects begin and avoid potential costly fines. To find out more visit call811.com/before-you-dig. Enjoy your outdoor projects this summer and dig smart! Update on the fiber build

Exciting News!

La Jicarita has completed their fiber build on El Oro, South Carmen, and Ojo Feliz. Next area for building is the Guadalupita area. Stay on the lookout for crew and construction vehicles on the road and be sure to wave hello!
